

# SPARE SHIELD

**PROTECT YOUR SPARE TIRE AND WHEEL FROM THEFT!**  
U.S. PATENT PENDING

**In mere seconds, a thief will cut the undercarriage hoist assembly cable\* and steal the spare tire and wheel.**

EXPOSED

PROTECTED

The SPARE SHIELD is manufactured from two durable cold-rolled steel tubes.

Its unique design completely encases the spring and cable assembly.

High texture powder-coating allows for superior weather resistance.

\*The SPARE SHIELD is intended for use on vehicles that have an undercarriage spare tire storage system.

## SAVE HUNDREDS

Replacing the spare tire, wheel, and factory cable will cost a minimum of **\$500**.

## QUICK & EASY INSTALLATION

No tools required  
No keys to lose  
No rusty locks that will seize  
Installs in seconds

**The SPARE SHIELD retails at the following prices:**

Several sizes available to guarantee the right fit for your vehicle.

MODEL A	\$44.99
MODEL B	\$46.99
